

TS109 Peachtree-Dunwoody at Windsor Parkway – Traffic Efficiency

The project will include pedestrian improvements, signal upgrades, and extending the NB and SB left-turn lanes by restriping. Reducing crashes and improving pedestrian safety are important facets of this project.

Cost:

- TSPLOST Programmed Budget: \$750,000
- Clark Patterson Lee for Concept/Design: \$92,275
 - CO 1 – CO 2: \$52,600
- Construction + ROW: Estimated to be \$650K

Status:

- Utility Coordination Ongoing
- Signal Interconnect plans ongoing
- Final design ongoing

Schedule:
